

## WHAT'S INCLUDED WITH HOUSEKEEPING & DECLUTTERING ...

These packages are time based and consist of one cleaner for the time quoted for each package. We understand that getting started on cleaning can feel impossible sometimes, so with these services there's no pressure to prep beforehand - just leave it as is and we'll handle the rest! Our team will endeavour to get as much done as they can from the list below with the time allocated or if you have a messier or larger home (or two bathrooms) we recommend booking Additional Time as an Add-On at checkout.
